## 2026-2027 SCHEDULE

Website: <https://www.cross-point-church.org/fffl-ministry>

### ABOUT US

FFFL is a ministry dedicated to serving the local community. We offer private tutoring, a licensed umbrella school, homeschool assistance, and homeschool classes for all ages. Our program does not charge tuition, but is donation-based so that all families are able to receive services, regardless of their financial situation.

We are committed to remaining “pay what you are able, as you are able.” We do not want financial hardship to be a determining factor in participating in our programs. We believe in the Lord’s provisions and everyone is welcome.

The registration fees will hold your child’s spot in the program. If you have multiple children and cannot afford to pay the fee, please contact us.

Class fees are based on the books and material cost of the class. We will put in group book orders to lower the costs. Therefore, if you pay the fee, there are no additional books that must be bought. Class fees are due by June 1st to allow us time to order books.

Donations allow us to continue to run the ministry. Your donations go to additional materials, facility upkeep, and instructor salaries.

Contact us if you cannot afford the registration fee or the course fee. Otherwise, we just ask that you donate what you are able, when you are able. We ask that you pray for provisions for the program.

#### Suggested Donation:

Suggested donations are based on \$10 per hour (in class) per child.

Therefore, suggested yearly donations are based on 33 weeks for one year:

One ½ day per week (2 classes): \$30 wk/\$120 mth/\$990 yr

One full day per week (4 classes): \$60 wk/\$240 mth/\$1980 yr

One full day and one ½ day per week (6 classes): \$90 wk/\$360 mth/\$2970 yr

Two full days per week (8 classes): \$120 wk/\$480 mth/\$3960 yr

Two full days and one ½ day per week (10 classes): \$150 wk/\$600 mth/\$4950 yr

## 2026-2027 SCHEDULE

Website: <https://www.cross-point-church.org/fffl-ministry>

### CLASS DESCRIPTIONS

**K-3 Language Arts:** Literature, Phonics, Reading, and Writing taught in skill-based groups through visual, auditory, and kinesthetic learning activities. Cost: \$40

**K-3 Biblical Character Traits:** Using Konos curriculum as a guide, we will see what Scripture says about attentiveness, obedience, orderliness, trust, patience, stewardship, and honor. Lessons will be hands-on and immersive. Cost: \$25

**K-3 US History:** Using My Father's World, students will journey through the years and learn about the history of the United States from Pre-Colonial times up until modern times. Cost \$20

**K-3 Chemistry & Physics:** Using Apologia Exploring Creations with Chemistry & Physics, students will learn about the basic building blocks of creation, atoms & molecules, simple chemicals, laws of motion & energy. Cost \$45

**K-3 Health & Physical Education:** This class introduces young learners to healthy habits through simple lessons on nutrition, hygiene, basic first aid, exercise, and personal safety. Cost:\$10

**K-3 Introduction to Visual Art:** Using Artistic Pursuits as a guide, students will gain a solid, foundational understanding of art history and fundamental art techniques such as composition, observation, color and form through hands-on projects. Cost: \$20

**K-3 Music Exploration:** Using Music Comes Alive Primary A, students will learn music history, appreciation, and techniques through various hands-on activities and books. Cost \$30

**4-8 Language Arts:** Literature (US based), Reading, Writing, and Grammar and Mechanics will be taught in skill-based groups. Four literary selections will be studied over the course of the year. Cost: \$40

**4-8 Bible:** Using My Father's World, students will read through the book of James together (and also try to memorize it) as well as learn about prominent figures of faith throughout US History and the world. Cost \$40

**4-8 US History:** Using My Father's World, students will journey through the years and learn about the history of the United States from Pre-Colonial times up until modern times. Cost \$20

**4-8 Chemistry & Physics:** Using Apologia Exploring Creations with Chemistry & Physics, students will learn about the basic building blocks of creation, atoms & molecules, simple chemicals, laws of motion & energy. Cost \$45

**4-8 Health & Physical Education:** This class helps students develop lifelong healthy habits through lessons on nutrition, hygiene, basic first aid, exercise, and personal safety. Cost:\$10

**4-8 Elements of Art:** Using *Artistic Pursuits* as a guide, students will learn the basic elements of art and art composition. Cost: \$60

**4-8 Composer Study Class (Music):** Using a composer activity, students will travel through the ages learning about 42 different composers ranging from the Middle Ages to modern times. Cost \$5

**K - 12 Worship and Fun Fellowship :** Group worship followed by social activities. Some weeks will be free time social activities and other weeks will be teacher guided. The connections and social skills built during this time are equally beneficial to the students as structured academics. Cost: \$0

## 2026-2027 SCHEDULE

Website: <https://www.cross-point-church.org/fffl-ministry>

### CLASS DESCRIPTIONS

**8-12 American Literature and Composition:** Four literary selections will be studied over the course of the year focusing on literary analysis, critical thinking, vocabulary, and reading comprehension. Grammar, Mechanics, and Spelling will be taught through writing assignments. Cost: \$40

**8-12 Christian Worldview (Bible):** Using *Worldview* by Kevin Swanson, students will learn the difference between the truth of the Bible and the secular world. Going over topics such as: the nature of truth, God, man, ethics, sociology, origins, sin, salvation, and teleology. Cost \$40

**8-12 US History:** Using *Masterbooks World History*, students will survey the history of the US from Native Americans and European settlement, up until the modern age (engaging everything with a Biblical worldview). Cost \$40

**8-12 Biology:** Using Masterbooks Master's Class High School Biology, we will bring God's creation of cells, ecosystems, biomes, the genetic code and more to life for our students. This class will include labs including microscope use and dissections. Cost \$80

**8-12 Health:** Using *High School Health for the Whole Person (7Sisters)*, students will complete a full year of physical, mental, emotional, and spiritual health activities and discussions. Cost:\$45

**8-12 Elements of Art & Composition:** Using *Artistic Pursuits*, students will learn how to view the world as an artist, being introduced to topics such as: space, line, texture, and value. In session 1 we will be using drawing pencils and in session 2 we will be using charcoal. Cost \$55

**8-12 Tech and Truth:** Using various resources, students will learn and practice typing skills, basic computer history and literacy, as well as how our faith intersects with how we should view and use technology. Cost \$30

**6-8 Robotics:** Using kits from *Barnabas Robotics*, in session 1 students will design, assemble, wire, and program their own little robots as well as a little bit of coding. In session 2, we will use the same controller to make a little car that is able to think and act on its own, building more on the skills from session 1. Cost \$80

**7-12 General Science:** Using *Masterbooks General Science 1* program students will explore God's creation of the earth, sky, and sea. We will study weather, water, minerals, and stars with hands-on activities to help solidify concepts. Cost \$80

**8 - 12 Informal Logic:** Using *Fallacy Detectives* (Nathaniel and Hans Bluedorn) as a guide, students will learn to think critically and recognize fallacies. Cost: \$25

**6-9 Pre-Algebra:** Using *Simply Good and Beautiful Pre-Algebra* course, students will learn pre-Algebra with a spiral approach. Parents can download a free book and videos for in-between lessons. Cost: \$15

**8-12 Algebra 1:** Using *Algebra 1: A Fresh Approach*, students will learn all about equations, functions, factoring and more with a non-intimidating, one concept at a time approach. Cost \$80

**9-12 Geometry:** Using *Geometry: A Fresh Approach*, students will learn about logical thinking, geometric shapes, and geometric proofs, building upon what they learned in Algebra 1. This unique textbook provides a non-cluttered approach. Cost \$80
